

## MOTIP Multi Spray

Ord.-no.: 000587, 090206, 290206

### Technical Information

Prevent creaking and squeaking and let stuck parts run smoothly again by lubricating the parts with MOTIP Multi Spray. The Multi Spray has a cleaning effect and removes oil, grease, wax and tar. MOTIP Multi Spray is a universal oil that lubricates, protects and cleans. It offers excellent penetration, is moisture-repellent, prevents rust, and leaves a protective film.

#### Quality & properties

- Good penetrating properties
- Removes oil, grease, wax, underbody coating and tar
- Moisture repellent
- Corrosion preventive
- After cleaning, a protective film remains

#### Physical & chemical data

- Base: Mineral oil with additives
- Colourname: no colour
- Smell: Vanilla
- Surfaces: Chains liable to light load, Fastenings, Locks, Tools, Garden Tools, Machinery, Fasteners, Motions, Pedals, Hometrainer, Skeelers, Skates, Skateboards
- Minimum Working Temperature: 10 °C
- Maximum Working Temperature: 25 °C
- Spray rate: 1.98
- Relative density: 0.81 g/ml
- Storage stability: 10 y
- Content:
  - ◊ 400 ML
  - ◊ 500 ML
  - ◊ 200 ML

#### How to use

- Before use, carefully read the directions on the packaging and act accordingly.
- The aerosol should have room temperature.
- Best processing temperature 10 to 25°C.
- Before use, shake the aerosol.
- Apply multi spray in the desired quantity.
- The optimum lubrication is obtained after evaporation of the solvent.

#### Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

#### Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

#### Marking/Labeling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

As of March 13, 2024 – This release replaces all eventually earlier issued versions.
